

## CHA's Internship Program

# BRINGING YOUR FUTURE WITHIN REACH.

### **A CHA internship lays the foundation as you transition from student to professional.**

CHA's robust, award-winning internship program welcomes the best and brightest from colleges and universities across the US and abroad to join us each summer. Spanning sectors, business lines, corporate groups and geographies, our interns spend the summer working with CHA's top thought leaders and colleagues on their teams taking part in individual, group projects and field trips, connecting with peers, and having some fun too!

CHA's internship program aims to prepare students for the start of their professional career. Our teams start recruiting and speaking with students as early as September for consideration in the following year's program. We seek students who are entering their junior or senior year of college with the goal of making full-time job offers to top performing graduates.

# EXPERIENCE!

CHA interns work together to solve real client challenges, sometimes creating solutions that change the way we work. An internship at CHA is an opportunity to learn while doing by collaborating on exciting projects with talented peers and experts in your field.

# CONNECT!

Connecting with peers through hands-on group projects, planned social events and working alongside one another in the office or field, a CHA internship is a great start to your professional network.

# PREPARE!

Gain vital experience in a professional setting learning to work as part of a team, developing the planning skills to effectively balance work demands with your personal life, and preparing to navigate different workplace personalities to ensure team success.

# DISCOVER!

There is nothing like real world experience! Learn about yourself, discover your career passions and go after them. An internship with CHA will help you clarify and bring into focus your future career goals.
